Capt. Scott McCune

Objective I want to search for big fish and put them in the boat! I want to keep my vessels and equipment in excellent condition as I feel that is a professional and sportsman's ethical responsibility. I want to bring the average person closer to the real world of fishing by presenting an enthusiastic and helpful attitude in my business whether through videos, online store or straight face to face communication!

1967-Present **Own, Operate and Maintain Vessels** World Wide

- I have done numerous installations and integrations of Radar, Sounders, GPS, Computers, Charting Software and other electronic Equipment.
- Owned, operated and maintained large vessels for my family and myself.

Accomplishments
& History

I have spent lifetime fishing. My fishing endeavors have taken me all over the world and most extensively to the South Pacific (Marshall Islands) and the Gulf of Mexico. I have participated in fresh water and saltwater tournaments with great success for over 15 years. My focus for the last 8 years has strictly been on offshore fishing tournaments in the Gulf of Mexico. My teams have won several tournaments each year, which shows an extreme consistency, as the evidence below proves.

Great Fish:

2009-09 Top 5 Saltwater Sweeties!

2009-095 The Top 5 with 985 Entries
